

EUROPEAN UNION REGISTRATION, EVALUATION, AUTHORIZATION AND RESTRICTION OF CHEMICALS (REACH) DECLARATION

DYCO Electronics is aware of the REACH (Registration, Evaluation, Authorization and Restriction of Chemical Regulations, EC 1907/2006), the European Union regulation that is intended to regulate the use and importation of chemicals and substances into the European Union.

As a manufacturer of "articles" which do not intentionally release chemical substances, DYCO Electronics is not subject to the REACH regulation's registration requirements.

Additionally, DYCO Electronics products do not contain any of the currently listed SVHC's at a concentration of >0.10% by weight. We will continue to work with our suppliers to identify any SVHC components contained in the materials procured for use in manufacturing DYCO products. Customers will be notified if any SVHC use is determined.
